PREP-NEST

YOUR JOB BLUEPRINT
FRONT END DEVELOPER

There are 4 areas that you need to excel in to crack into your dream company

01	02	03	04
Domain Knowledge & Skills	**Online Test Prep**	**Resume Prep**	**Interview Prep**

2 -3 WEEKS BOOTCAMPS — **1-2 WEEKS** — **1 WEEK** — **1 WEEK**

OUR TAKE

THIS IS BASED ON OUR EXPERIENCE RECRUITING FOR VARIOUS COMPANIES

Being from a tier-3 college and aiming for top companies is aspirational but not impossible.

Since you have most of the skills already, it is advised to utilise bootcamps to sharpen your skills and focus on preparing for Online tests, and resume shortlisting as an immidiate focus and then on interview prep.

MUST HAVE SKILLS FOR ANY ROLES IN SOFTWARE & IT

- Languages (Python, Java, C++)
- Data Structures & Algorithms (DSA)
- System Design & Architecture
- Networking Basics
- Cloud Platforms (AWS, Azure, GCP)
- Version Control Systems (Git)
- Problem Solving & Analytical Thinking

## SKILLS FOR SPECIALISATION
